Distribution: F

AFMAN23-110, Volume 6, Chapter 4, 1 April 2001, is supplemented as follows:

The purpose of this supplement is to provide guidance for processing turn-ins of precious metals, identify the organization and shop code to be used and assign an Issue Exception Code (IEX).

SUMMARY OF REVISIONS

Changes report period from quarterly to semi-annual. Report stops at 30 SUPF/LGS. A bar (|) indicates a revision from the previous edition.

4.2.2.3.1. (AFSPC Sup 1). The 30th Medical Group Precious Metals Recovery Program (PMRP) monitor will process all turn-ins of precious metals generated by the medical facility.

4.2.14. (AFSPC Sup 1). Semi-annual (January & July) summary of transactions will be forwarded to 30 SUPF/LGS for use in any directed audits.

4.6.4. Issue Exception Code (IEX) "P" will be assigned to item records which have a Precious Metals Indicator Code (PMIC) assigned or that contain a recoverable amount of any precious metals.

4.9.1. (AFSPC Sup 1). Organization and shop code 407PR will be used for turn-in of precious metal-bearing materials.

4.9.7.1.1.2. (AFSPC Sup 1). Organization and shop code 407PR will be used.

MITCHELL P. SLATE, Col, USAF
Commander, 30th Logistics Group
